

SOUTHERN OREGON TATTOO ACADEMY

PATHWAY TO PAYMENT

It is common for those who qualify to enter into a payment agreement with Southern Oregon Tattoo Academy on the same date that they complete the Enrollment Process.

The Deposit of \$2,000 includes the registration fee of \$150, confirms the student's start date, and includes the student kit. If a student cannot/does not begin the assigned term, the student will have the opportunity to move to the next available term, or request a refund of their deposit minus the registration fee of \$150.

Regardless of how much the student has paid before the beginning of the term, the following schedule applies to all students as the minimum acceptable payment schedule:

- A total of \$2,000 (Deposit/Registration Fee/Student Kit cost) must be paid no later than thirty days before the student's enrolled term begins. *If payment is not made by this date, the student will be dropped from the class.*
- An additional \$3,000 must be paid no later than the first day of the second week of class, for a total of \$5,000 paid. It is considered late on the third day of the second week of class. *If payment is not made by this date, the student may be dropped from the class.*
- An additional \$3,000 is due by the first day of the 6th week of class, for a total of \$8,000 paid. It is considered late on the third day of the sixth week of class. *If payment is not made by this date, the student may be dropped from the class.*
- An additional \$3,000 is due by the first day of the 10th week of class, for a total of \$11,000 paid. It is considered late on the third day of the sixth week of class. *If payment is not made by this date, the student may be dropped from the class.*
- A final payment of \$3,000 is due by the first day of the 14th week of class, for a total of \$14,000 paid. Payment must be made in full prior to taking the final exam.

Payments may be paid by cash, credit card, money order or check. Money orders or checks should be payable to Southern Oregon Tattoo Academy.
